# Epson Mobilink™ Printers

If you're looking for the best in wireless receipt, label or barcode printing, look no further than Epson's reliable Mobilink printer. Whatever industries you serve, from food service, retail

and healthcare to warehousing and route accounting, Epson's Mobilink printer comes with all the features

your customers need. And when you partner with Epson, you'll get all the advantages of being an Epson reseller and working with the leader in the industry.

## **Mobilink printers. Rugged, reliable and ready to go.**

All Epson Mobilink printers come with these outstanding features.

- Fast, high-quality printing
- Receipt or label versions available
- Rugged six-foot drop rating
- Easy-to-use slide-out battery, drop-in paper loading and control functions
- Bluetooth® and 802.11g with IEEE 802.11i and EAP-TLS authentication
- Media widths up to 60mm
- Zebra emulation for drop-in compatibility
- Flash memory for logo and graphics
- Support for local product integration
- Worldwide service and support
- IP54 environmental rating

# Mobilink Applications

---

## Route Accounting/Field Service

Receipt printing, inventory tracking, invoices, sales estimates

## Warehousing

Barcodes for pallets and deliveries, printing packing slips, receipts

## Transportation

Mobile check-in, receipt and label printing and other operational services

## Retail

Price markdowns, shelf labels, receipt printing for garden centers and outdoor sales

## Food Service

Line-busting, table service, pay-at-table transactions and on-demand labels

## Healthcare

Specimen label printing at point-of-care and other medical mobility applications

# Receipt or Label Printer Options

Epson's Mobilink printers feature the fastest printing in their class, an industry-leading 20-hour battery life, a ruggedized design for outstanding reliability and more. In addition, they support both Bluetooth and 802.11g with IEEE 802.11i security and advanced EAP-TLS authentication. Best of all, they're built with Epson's quality and reliability.

## Mobilink Wireless Receipt Printer

---

Epson's compact Mobilink receipt printer is ideal for retail, food service, route accounting and warehouse applications. It features clear, crisp printing of receipts on standard, off-the-shelf 58mm paper rolls, drop-in paper loading, rugged six-foot drop rating and is the only mobile printer available with an auto-cutter.

## Mobilink Wireless Label Printer

---

Epson's compact, cost-effective Mobilink label printer is ideal for retail, distribution, route sales, healthcare and transportation label and barcode applications. It offers all the features needed for fast, cost-effective label printing including automatic label peeler, label taken sensor and high temperature print head.

## Quick, Easy Set-up Tools

---

Mobilink comes with the required integration tools you need to easily configure the printer on site.

### FEATURES

- Winconfig browser tool: makes configuration set-up easy
- Site survey tool: built-in 802.11g signal strength test reads signal and noise level in dB
- Network management software tool: no-cost ENPC runs on host which allows control and configuration from a central location
- Bluetooth connect software: allows easy connection to Bluetooth
- Interface is modular and can be upgraded in the field in minutes

## Advanced Security Features

---

Mobilink is in full compliance with PCI security standards for IEEE 802.11i security.

### FEATURES

- 802.11g with IEEE 802.11i security and EAP-TLS authentication
- Bluetooth with standard Bluetooth security protocol

---

**“Epson printers are top quality and real workhorses that are a great value for the money.”**

Survey Respondent, Litchfield Research

# The Advantages of Working with Epson

Epson's Mobilink printers are profitable to sell and easy to maintain. They feature the quality and reliability that Epson is known for.

## ADVANTAGES

- Epson offers a controlled sales channel with a limited number of authorized VARs, system integrators and distributors
- No direct sales are conducted
- Low product failure rates of less than 2% a year
- Epson's industry-leading service and support
- Reduced pricing on ExpressCare Programs

## Epson and the Environment

---

Epson has long been a proactive proponent of environ-

mental action and has become one of the leading environmental companies in the world. Epson's achievements include: first company in the world to eliminate CFCs,

100% green purchasing since 2004, ISO 14001 certification worldwide, 100% of Epson products are RoHS compliant, and all Epson products are built with extremely energy-efficient designs.
